

Be a part of decarbXpo 2022: New hybrid offer!

decarbXpo 2022 will take place from September 20 to 22, 2022 at the Düsseldorf Exhibition Center. We would again like to offer you the opportunity to present yourself with your trade media on the trade press stand as well as online on our newly developed online trade press stand.

What we offer?

On site: The trade press stand

At the trade press stand, you have the opportunity to display up to 200 free copies of your trade magazines. Our stand staff will take care of the coordination and replenishment of the magazines.

Digital: Online trade press stand

The online trade press stand is a new digital offer from Messe Düsseldorf. Participation allows you to extend the presence of your trade medium to our decarbXpo Portal. And not only that, you can reach your readers even before the trade fair starts. The online trade press stand is online six weeks before the trade fair and also visible three months after the end of decarbXpo 2022. To achieve the greatest possible awareness, the online trade press stand is online on these pages: Exhibitor, Visitor and Press pages.

An example of the online trade press stand can be found here:
